## **Paragraph writing - Nature**

Nature is all around us. It includes trees, flowers, animals, birds, rivers, mountains, and the sky. Nature gives us fresh air to breathe, water to drink, and food to eat. It is very beautiful and makes us feel happy and peaceful. We must take care of nature by not cutting down trees and keeping our surroundings clean. Nature is a precious gift from God, and we should love and protect it. It helps us stay healthy and happy. The beauty of nature makes our world colorful and full of life. We must take care of nature by planting more trees, saving water, and keeping our environment clean. If we harm nature, it can cause problems like pollution and climate change. Let us all protect nature and keep our planet safe and green.
